COLLISION REPAIR TECHNOLOGY, C.S.C.

Location(s): AL

NOVA Code: 221-909-10

Purpose

This program prepares students for entry-level positions as collision repair technicians. The curriculum provides experience in evaluation, repair, and refinishing of automotive body damage.

Credit for Prior Learning

Students in this program may be eligible for credit for prior learning. See an academic advisor or counselor for further information.

Recommended Preparation

It is important that the student talk with their advisor about selecting classes in the curriculum.
